

MAY 13-15, 2010, SEATTLE

Highlighting
Massage Therapy in CIM Research

This three-day conference will bring together massage and manual therapy practitioners, educators, CIM researchers, allied health professionals, and others interested in massage research. Current research related to massage and manual therapies will be presented, with a special focus on translational research and public health.

"The Massage Therapy Foundation continues to bring awareness of the crucial importance of research in advancing our profession. This should be a hallmark event to share the great advances made for all of us."

- Whitney Lowe, LMT
